*Welcome to the London Family Programme.
I hope you will enjoy your programme with us and have an exciting and enriching time at Frances King. The aim of the Family Programme is to provide a learning experience of lasting personal value in a safe and fun atmosphere, for both parents and children. Our programme includes visits to famous London sights and museums. We will make every effort to integrate different nationalities, both in class and activities, to help students make friends and practise their English with other children from around the world. My team of teachers and student services staff are all available to help in any way we can.
Best wishes for a wonderful time in London!*

Your welfare

Health & Safety Information

The emergency number for fire, ambulance and the police in the UK is 999.

The Frances King emergency number is: +44 (0)7768 325391

- If your child has a pre-existing illness, allergy or medical condition, or is taking medication, you must inform the school. If your child develops an illness during the stay, please inform the school.
- Adults will be given a student card – they must carry this card at all times.
- Junior students will be issued with temporary orange wristbands for their off-site lessons which have the Family Programme contact number printed on them.

It is important that children in our care are looked after safely, are collected and get home safely. For this reason:

- Children aged 14 – 16 can travel to and from the classes on their own if we have written permission from a parent / guardian.
- If someone else is going to collect your child you must send an email to the Family Programme Manager, Jo Love, jo.love@francesking.com to arrange this or we will not be able to or we will not be able to release them to anyone not already authorised to collect them.
- Our staff will not take children home and children should be told not to go home with anyone other than their parents / guardians.

Personal Safety

London is generally a safe place to be but as with a lot of big cities there are sometimes pick-pockets and thieves. We would like to help you to avoid being a victim of these crimes. Here is some friendly advice to help you have a safe and worry-free time in London.

Most people in London don't use cash very much - we usually only carry £20 - £50 with us on a normal day. Avoid carrying large amounts of cash unless you know you need to pay for something - and don't worry about using a card to pay for even very small amounts.

Your personal belongings

- Do not leave your purse, wallet or phone on the table in a restaurant or in a classroom during a break.
- Make sure your wallet, purse or phone is in a pocket or bag and can't be seen by a pick pocket. It is best to have a bag with a zip.
- Watch your bag at all times and keep them close to you (on your knee), especially in pubs or crowded places.

- Be careful of people approaching you in the street or when sitting at a restaurant, they might be trying to distract you so they can take your phone, wallet or purse.
- Sometimes criminals will pretend to be policemen so they can steal your money. Police in the UK will be in uniform or will show you their ID when they start speaking to you. You can ask to look closely at their ID.
- Only keep things in your bag that are essential to you. For example, in the UK you do not need to carry your identification card or passport with you at all times, so the safest place for this is at home locked inside your suitcase. Carry a picture of your ID on your phone and a photocopy in your bag or pocket. We can make a photocopy for you in Reception. For ID, carry a driving licence if you have one.

Using your credit card

Do not give your PIN number to anyone. You should never be asked for it even by your bank, a Police Officer or a shop assistant. When you are getting cash from a cash point check there is no one looking over your shoulder before you start and be aware of people around you while you use the cashpoint. People usually cover their hand while they enter their PIN number into a machine, so don't worry that this might appear to be rude. If possible, use a cashpoint inside a bank.

Renting accommodation

If you are planning to rent accommodation outside of Frances King please come and ask the Student Services Office for our advice leaflet. It is important to understand the dangers of renting accommodation privately before paying any money.

Walking

Do not walk listening to music or looking at your phone as you will not notice who/ what is around you.

Looking after our students

We have a team at Frances King who are here to help make sure our students are safe and happy.

Our Safeguarding and Welfare Team are here to help you with any problems or worries you have about yourself or another student.

Ask reception to talk to any of us. Your wellbeing is our priority.

We hope this helps you feel safer in London. If you have any problems you can contact the police, call the Frances King emergency phone number on the back of your student card or come to the Student Services Office.

The law in the UK

Smoking

Smoking is banned in all public buildings in Britain including bars, restaurants, shops, stations, cinemas and on all public transport. You can smoke on the street.

Drugs

Britain has strict laws against the use of illegal drugs and punishments can be very heavy. You are strongly advised not to use illegal drugs during your stay.

Shoplifting

People who are caught stealing from shops will probably have to go to court and pay a fine. If you are here on a visa, you may not be allowed to return to the UK.

TV licence

Every house/flat that has a TV or if you watch TV channels on a laptop/phone/iPad etc. you must have a TV licence. If you rent a room or are in a flat share, find out who is responsible for getting the TV licence. If you answer the door when officials come, you will be the one that goes to court.

Weapons

It is illegal to carry any weapon for defence including gas and pepper sprays. You will be arrested if the police stop you and you have a knife with you.

Cycling

You cannot ride a bike on a pavement, and you must have lights if you cycle at night. A helmet is not obligatory but is strongly recommended.

For free legal advice you can go to the Citizens Advice Bureau (Chelsea Old Town Hall, Kings Road, London, SW3 5EE 0844 8269708 or 020 7351 2114).
